

Chuah Yee Yong

Web Developer

PROFILE

I bring 5 years of experience as an Operations Manager in the manufacturing industry. Throughout my career, I've always been drawn to programming due to its potential to enhance various aspects of everyday life.

EXPERIENCE

Operation Manager, LWD Industry Sdn. Bhd., Perak. — Jul 2019- Apr 2023

- Responsible for ensuring compliance with ISO 9001:2015 standards within the company. This involved managing internal and external audits, updating process flows, and addressing issues through the implementation of corrective and preventive actions.
- Independently acquired proficiency in SolidWorks, a software I have used for creating 3D models and reviewing samples from suppliers. I am capable of constructing basic assemblies as well.
- Responsible for the operations department, which comprised a workforce of over 100 employees. Hiring & training personnel, reporting and handling on non-conformances in quality and yield. Various manufacturing processes such as injection moulding, metal stamping and assembly were done in-house.
- Scheduling and coordinating maintenance team for the preventive and corrective maintenance of factory equipment, ensuring maintenance were done on time.
- Primary point of contact for liaising with parts suppliers ensuring smooth procurement of equipments and services.

Production Planner, LWD Industry Sdn. Bhd., Perak — Aug 2018 - Jul 2019

- Implemented Enterprise Resource Planning (ERP) system migration from previous legacy accounting & inventory system to SAP Business One. Migration took around 4 months from first demo session to go-live.
- Conducted a needs analysis in collaboration with various departments, including production, accounting, inventory, and R&D, to determine the requirements for implementing a new ERP system.
- Ensured timely deliveries to customers through scheduling and monitoring production capacity and inventory levels.

Internship, Arachem (M) Sdn. Bhd., Kuala Lumpur — Jan 2017 - Apr 2017

- Arranged technician to handle scheduled maintenance of customers' equipment.
- Documented all technician completed calibration records.
- Reorganised archive documents facilitating more efficient information retrieval.

EDUCATION

Taylor's University Lakeside — Bachelor's Degree in Chemical Engineering 2013 - 2018

CGPA: 2.60
